DF - Dairy Free

We shop local and source good quality ingredients. Our menu is cooked using traditional cooking methods, old recipes and chef creation dishes. Popular dishes run out on busy days. Tomorrow's Fish Specials are still in the sea and our butcher order comes in everyday before lunch. We partner with award winning fishmongers, butcher and meat specialists - people who take a lot of pride in what they do. We will always try to accommodate guests and visitors at Roam West who have allergies and special dietary requirements. Our menu is prepared by a small, dedicated kitchen team who swear like pirates on stilts and argue about Scottish recipes all day. This means your food is prepared in an environment which means they are **NOT** allergen free. **You must tell us** if you are allergic to any foods and we will provide you with our menu guide.
